

School Fees 2022-2023

International School Ghent (ISG) is a private, fee-paying school offering a very competitive fee structure compared to other international schools in Belgium. School fees are comprised of a registration fee and tuition fee and are revised annually by the Board of Directors.

Registration fee €900

Payable once per family at time of application. Payment of the registration fee secures class placement. Any application made without payment of the registration fee does not guarantee admission. This fee is non-refundable.
